

**Certificate
Inspection of welding process
according to EN ISO 3834**

SGS

SGS-3834/PL/23-0186

It is hereby certified:

**Przedsiębiorstwo ECO-TECH Sp. z o.o.
ul. Floksów 7, 04-686 Warszawa
Poland**

complies with the requirements for the performance of welding works in terms of:

EN ISO 3834-2 - Quality requirements for fusion welding of metallic materials;
Part 2: Comprehensive quality requirements

Scope of assessment:

The scope of the assessment, as well as all other details
are included in the annex to the certificate
and audit report.

Audit report no.
100/2023

The evaluation was based on:
Certification program SGSPL/INDIV/3834-01

Validity Period: from 12.09.2023 to 11.09.2026

This certificate was first issued on 12.09.2023
and remains valid as long as the welding supervision personnel and manufacturing
processes have not changed significantly and provided that it is not suspended
or withdrawn by the certification body.

**Attachment No. 1 to the Certificate
Inspection of welding process
according to EN ISO 3834**

It is hereby certified:

**Przedsiębiorstwo ECO-TECH Sp. z o.o.
ul. Floksów 7, 04-686 Warszawa
Poland**

Certificate **SGS-3834/PL/23-0186** refers to the scope of certification:

Type of product	General building steel structures , welded elements of machines and devices
Scope of work	Manufacture, Modernization
Product standards/ alternative specifications	EN ISO 9001
Welding methods according to EN ISO 4063	135
Parent material groups according to ISO/TR 15608	1.2, 2.1
Responsible welding coordination personnel according to EN ISO 14731	Fulfilled requirement 6.2.2 – Personnel with comprehensive level of competence

Certification program SGSP/INDIV/3834-01 edition 1 dated 15.03.2021

1st edition dated 12.09.2023
